FOREWORD

This is the Memoir of 1943. It is not so extensive nor so large as in previous years. But this is a year of war and our energies and money are needed for other things. In compiling this book it has been our aim to preserve some of the life of this school year and particularly the life of the seniors. It is our hope that we have recorded enough to serve as a pleasant reminder of people and happenings when you look over these pages in future years.

FACULTY AWARD

Each year the faculty presents a medal for general excellence to the Senior who rates high in the following qualities: scholarship, personality, personal appearance, cooperation, loyalty, citizenship, leadership, courtesy, and initiative. This year there were two members of the Senior Class who stood equally high in the qualities of general excellence so the faculty awarded two medals. The two seniors who received these awards were Clara Wolfe and Barbara Firestone.

THOSE WHO SERVE

This year four of our Senior boys left during the school year to serve in the armed forces of our country. Emile Taillard, Dick Booth,, and Bud Ruch joined the U. S. Navy and Richard Woolf became a member of the U. S. Marines. We are proud of these boys and our good wishes go out to each one of them.

CLASS HISTORY

We are a group of students who have been attending Middlebranch High School for nigh on to 720 days. We've met a lot of people and made a lot of friends. Now we are grown up and ready to leave our alma mater. We're sorry to go for we've been reminiscing over our past years and this is what we recall:

Four years ago we were green little Freshmen. There were seventy-four of us, under the direction of Miss Adrian. Clara Wolfe was our president, Harriet Wirth our vice-president, and Alice Boli our secretary and treasurer. At the beginning of the year we suffered initiation but enjoyed the party given to us by the Sophomores. We proved to be good salesmen for we sold basketball schedule pencils and name pins that we made of macaroni alphabets. We showed that we were a studious lot by winning seven scholarship medals.

We came back from our vacation with fifty-seven members. By this time we were accustomed to the school life and took part in all the activities. Our class was guided by Miss Leist and Mr. Schamp. Junior Weisel headed the class as president, and Harriet Wirth was secretary and treasurer. Early in the fall the Sophomores played host to the Freshmen at the initiation party. Basketball schedule pencils were sold again and we sponsored a very successful roller-skating party. Six of us earned medals.

We'll never forget our Junior year. Our class, consisting of forty-five members, was supervised by Miss Smith and Mr. Cawrse. Clara Wolfe was chosen president, Evelyn Woods, vice-president; Harriet Wirth, secretary; Barbara Firestone, treasurer; David Johns, chapel representative; Betty Feller, chairman of ways and means committee; and Nelson Schmucker in charge of candy. We Juniors were busy all year. Candy was sold at noon, after school, and during the football and basketball seasons. "Boost Middlebranch Diamonds" stickers were sold during the athletic season. In October a roller-skating party was held at Land O'Dance. Two dances were held in the auditorium. The queen of the football banquet, Evelyn Woods, was chosen from our class. Her Junior attendant was Shirley Phillips. "One Wild Night" was the class play with leading roles taken by Barbara Firestone and Emile Taillard. Junior Weisel and Nelson Schmucker were sent to Columbus to Buckeye Boys' State. Three from the class received superior ratings at the Literary Contest at Canton Twp. and went on to Berea. Virginia Prince won an excellent rating at Columbus for baton twirling. Clara Wolfe placed second in the French scholarship test and was sent to Kent. We ended our Junior year by honoring the seniors with a banquet and prom. Everyone enjoyed dancing to the music of Eddie Jueneman's orchestra in our South American Atmosphere. Four Juniors received scholarship medals.

We started our Senior year with forty-four students. Miss Wathan was our class adviser, and our officers were Junior Weisel, Nelson Schmucker, Geneva Schott, and Evelyn Woods, president, vice-president, secretary, and treasurer, respectively. Personalized stationery was sold throughout the entire year. The concessions at the basketball tournament in Massillon gave us an opportunity to show our super-salesmanship. Shirley Phillips was football queen and Kathryn Crawford her attendant from our class. Betty Feller was superintendent and Junior Weisel principal on Student Day. We had two supper parties for the boys who left our class for the armed forces.

Time flew quickly. All too soon Class Night, Baccalaureate, and Commencement are here and we as a class are ready to disperse and go our separate ways.

CLASS PROPHECY

It is ten years since the close of World War II. The members of the class of 1943 spent all their time and efforts for the duration towards the winning of the war. Now we find them striving to carry out their life ambitions since our nation is again at peace.

Way out west Dale Harter has settled down with "Old Faithful" on the Ellendude Ranch.

There is a new restaurant that has recently sprung up in Cleveland featuring Ginny's Chicken dinners------- operated by the former Virginia Henkèl and her three blond daughters.

The first bridge across the Atlantic Ocean is being constructed by the Trans-continental Bridge Company, with David J. Johns as chief engineer.

Christeen Hensel, state swimming champion, has come back home to Middlebranch to instruct the students in swimming in the newly installed swimming pool.

Mr. Nelson Schmucker, who is so successful as an undertaker, has already received many requests from former residents of Middlebranch that their funeral services might be held at his funeral parlors.

Tonight at the Waldorf-Astoria, Phil Spitalni is featuring clarinet soloist Doris Opphile, who received her basic training while playing with the Middlebranch band.

Eugene Girard has finally attained his highest goal---that of flying. He operates a taxi service, The Girard Aerial Company, from Maine to San Francisco.

Two of our girls have landed in Hollywood. Gerry Rice is designing the gorgeous gowns of the most talked about movie star, Evelonica Lake (formerly Evelyn Woods).

Just last year Dale Beggs was appointed Postmaster General of the United States.

Betty Feller is very happy running a small hotel at Lake Placid. She has found out that her Home Nursing really does help in rearing her four children.

Dick Booth is the bachelor of our class. He is serving his fifth year as president of Chicago Y. M. C. A.

Coach Cavalier has just returned from the Rose Bowl game and is showing pictures of his championship Notre Dame team at the Hippodrome theater in Middlebranch, Ohio.

Mildred Cekalla is too busy managing her Millie Beauty Salon in New York to realize that Mildred Judy is working in the same building as secretary to the president of the New York Chamber of Commerce.

One of the most prosperous farmers of Middlebranch is John Cline whose live stock won first prize at the Stark Fair this year.

Kathleen Chamberlain married Leonard the month after graduation and her home is open to any of her school mates who want to come back to visit Middlebranch.

"Number please?" This is the sweet voice of Kathryn Crawford who is a telephone operator and will place your call for you.

Even though the world is at peace again, Dwain Harsh has remained in the Navy and is now an Admiral. His furloughs are still spent with Doris Kemble who is keeping the "home fires burning." Getting hot, isn't it??

Betty Wearstler is still giving advice to the love-lorn in her peculiar sort of way.

Fairmont Children's Home is now being supervised by Doris Hein whose way with children cannot be copied.

Another one has landed in Hollywood. Chuck Hinkle was chosen to play the part of "Rhett Butler" in the sequence of "Gone With The Wind."

Phyllis Host is a house-to-house saleswoman selling one way tickets to Mars.

Our artist, Shirley Phillips, has developed a new fad--painting murals on sidewalks for the amusement of the passer-bys.

June Royer is an airplane stewardess, comforting those who are frightened, on the Trans-Atlantic Clipper.

The Famous Metropolitan singer, Evaly Wenger, is making a world tour singing the leading role in "Carmen."

The veterinarian for the Barnum & Bailey Circus is Dr.Charles J. Whitehouse.

Harriet Wirth has just returned from her weekly trip to Paris as a buyer for Marshall Field of Chicago.

Ruth Wise was the only woman news-correspondent admitted to the peace conference. Because of the excellent stories that came out of her coverage of the peace conference, she now has her own column in the New York Herald.

The Dean at Lake Erie College for Women, Clara Wolfe, gives weekly lectures on "The Advantage of Being A Bachelor Girl."

Dick Woolf is back with his cargo ship from South America after flying a shipment of peanut butter to the natives.

Alice Boli is supervising a very fashionable kindergarten for the children on Park Avenue.

Barbara Firestone is now operating a beauty clinic for women who are overweight.

The foreman on the biggest electrical furnace at the Republic Steel is Bud Ruch.

The manager and owner of the Toddlers' Tinker Toy Company is John Seifert. Johnnie always was amusing.

Up in Alaska there is a chicken farm and on the farm is Geneva Schott, the famous scientist, who is trying to find out if feathers really keep you warm.

Emile Taillard is being called the second Barrymore and is currently starred in "The Great Lover."

The engineer on the new Limited from New York to Chicago is Donald Taylor.

Phyllis Venditti's beauty parlor is a flourishing institution in Middlebranch. Women from Cleveland come to Middlebranch to have their hair done.

The new Professor of Agriculture at Wellesley is Junior Weisel.

ACTIVITIES.

At our first class meeting we elected our class officers and Student Council members. Next came our initiation in November and we must admit that we all looked a little abnormal; the girls with their extravagant hair-do's and the boys in their aprons. After hard thought and long consideration, we decided to have a hayride. Almost all the Freshman attended and the hayride proved to be a success.

Two of the prize winning essays of the county in the American Legion Contest were from our class. The writers were Connie Phillips and Edgar Johnson.

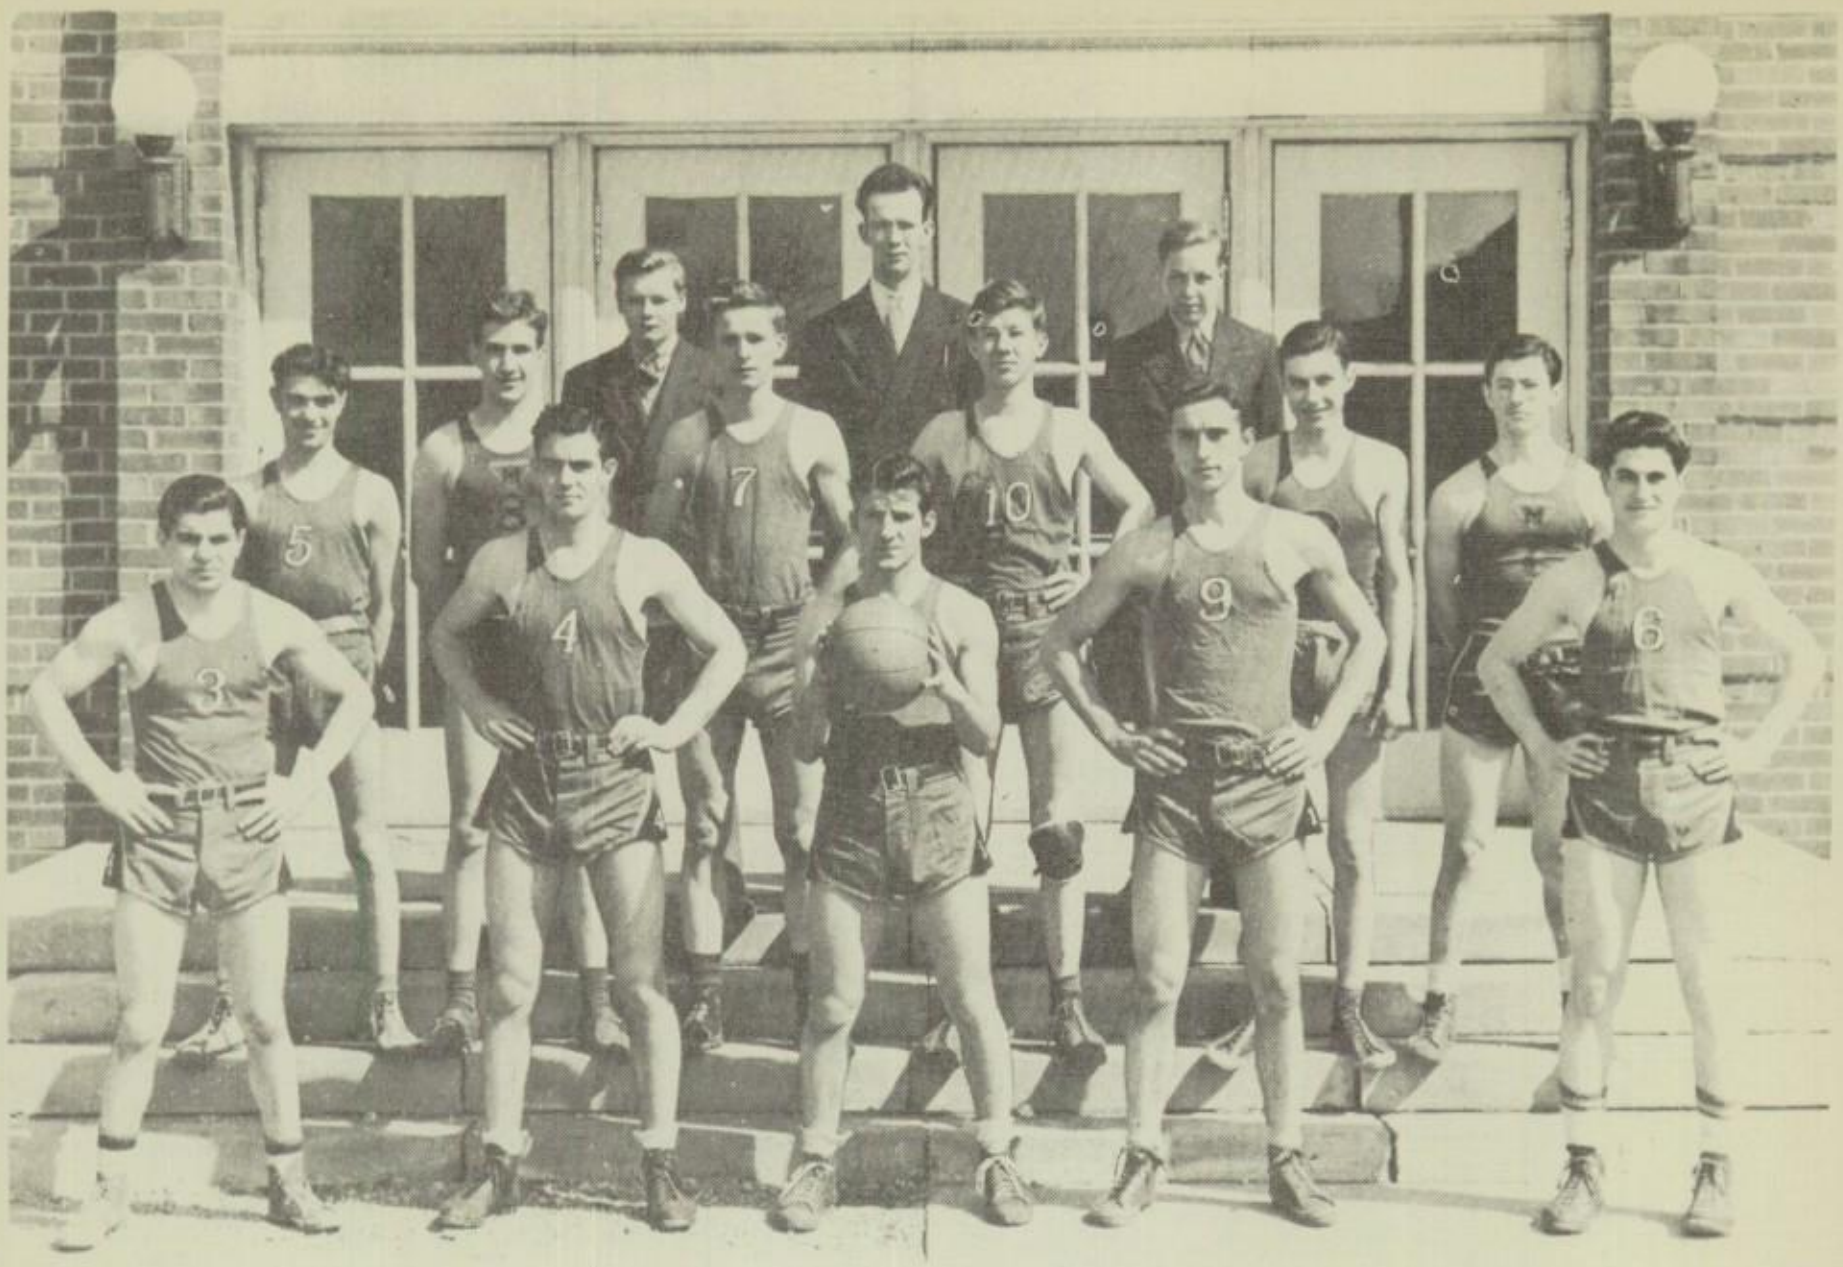
This year our football team proved themselves most successful by being the County Class B Football Champions.

They played nine games, including those that were non-league, and won all of the seven league games. The championship game was with Greentown on November 6 and we won 21-6.

At the Athletic Banquet, letters were awarded as usual and the Middlebranch Booster Club presented the Championship lettermenwith gold footballs and all the rest of the members of the squad bronze footballs.



BASKETBALL

The Diamonds started their season with only four lettermen returning from the previous year. Because a new floor was being laid in the gymnasium our boys had little practice. They struggled through the season with four victories and nine losses.

In the tournament, the Middies played Marlboro in the first round and won, but were defeated by Waynesburg in the second. In spite of the lack of practice, the boys were always in there and ready to fight.
